## **E-rate Rider** **Category 1 Services, Facilities and/or Equipment**

### **ATTACHMENT TO AT&T Managed Internet Access Service Pricing Schedule (Agreement") FOR SERVICES AND/OR PRODUCTS SUBJECT TO UNIVERSAL SERVICES ("E-RATE") FUNDING**

This Attachment ("Attachment"), entered into by **Michigan City Area Schools**. [Insert name of AT&T affiliate] ("AT&T") and AT&T "Customer") and effective as of the date last signed below ("Effective Date"), is an attachment to the Agreement. This Attachment shall have the same term as the Agreement. If there are any inconsistencies between the Agreement and this Attachment with respect to the Service for which E-rate funding is sought, the terms and conditions of this Attachment shall control.

This Attachment provides additional terms and conditions that apply when Customer obtains an end-to-end solution involving the use of terminating equipment ("Equipment") as part of its service from AT&T pursuant to FCC order # 99-216 ("Tennessee Decision"). If called for in the applicable Statement of Work, this Attachment also provides additional terms and conditions for the installation of conduit pathway support structure ("CPSS") installed by AT&T in order to bring Service to Customer's demarcation point.

#### **TERMS AND CONDITIONS APPLICABLE TO E-RATE FUNDED PRODUCTS AND SERVICES**

Customer has represented that it intends to seek funding through the Federal Universal Service Fund program known as "E-Rate" for some or all of the Services or Service Components purchased under the Agreement. E-Rate is administered by the Schools and Libraries Division ("SLD") of the Universal Service Fund Administrative Company ("USAC") (sometimes collectively or individually referred to herein as "USAC/SLD"). The Federal Communications Commission ("FCC") has promulgated regulations that govern the participation in the E-Rate program. Both Parties agree to adhere to FCC regulations as well as the rules established by SLD and USAC regarding participation in the E-Rate program. The Parties further agree:

1. Reimbursement of USAC/SLD. If USAC/SLD seeks reimbursement from AT&T of E-Rate funds as a result of Customer's failure to comply with the E-Rate rules or regulations, including Customer delays in submitting required forms or contracts; or if USAC/SLD determines that Services which it had previously approved for discounts are not eligible and funds must be returned (a "ComAd") (other than as the result of AT&T's failure to comply with the E-Rate requirements), then Customer shall reimburse AT&T for any such funds AT&T must return to USAC/SLD within ninety (90) days of notice from USAC/SLD seeking reimbursement. In addition, Customer agrees and acknowledges that a determination of ineligibility, reduction or other non-funding by USAC/SLD does not affect the obligations set forth in the Agreement, including those obligations related to payments and early termination fees.
2. Eligibility of Products and Services. The eligibility or ineligibility of products or services for E-Rate funding is solely the responsibility of the USAC/SLD and/or the FCC. AT&T makes no representations or warranties regarding such eligibility.
3. Service Substitutions. Customer acknowledges that USAC/SLD funding commitments are based upon the products, services and locations set forth in the Form 471 and that any modification to the products and services and/or the locations at which the products or services are to be installed and/or provided, requires Customer to file a service substitution with USAC/SLD, seeking permission to receive alternative service or receive the service to an alternative location. If Customer intends to make any such service substitutions, then Customer agrees to pursue USAC/SLD approval for them, and file any and all requisite documentation, diligently. AT&T will provide Services and Service Components only as approved by the USAC/SLD and may suspend activities pending approval of service substitution requests.
4. Requested Information. If requested, Customer will promptly provide AT&T with final copies of the following E-Rate-related materials (including all attachments) prepared by or for Customer: (i) Form 471 and Item 21 Attachment; if appropriate, (ii) Form 486; (iii) Form 500; (iv) Service Substitution Request; (v) Service Certification Form; and, (vi) Form 472-BEAR. If the Customer issues purchase orders, Customer shall clearly delineate between eligible and non-eligible Services on those orders.
5. Representations, Warranties and Indemnities. Each Party represents and warrants that it has and will comply with all laws and the requirements applicable to the E-Rate Program. In addition to any indemnification obligations set forth in the Agreement and to the extent permitted by law, each Party agrees to indemnify and hold harmless the other Party (its

employees, officers, directors and agents, and its parents and affiliates under common control) from and against all third party claims (including FCC or USAC/SLD claims) and related loss, liability, damage and expense (including reasonable attorney's fees) arising out of the indemnifying Party's violation of the E-Rate Requirements or breach of the representations, warranties, and terms contained in this Attachment.

6. Non-Appropriations. By executing the Agreement, Customer warrants that Customer has funds appropriated and available to pay all amounts due hereunder through the end of Customer's current fiscal period. Customer further agrees to request all appropriations and funding necessary to pay for the Services for each subsequent fiscal period through the end of the Agreement Term. In the event Customer is unable to obtain the necessary appropriations for the Services provided under this Attachment, Customer may terminate the Services without liability for the termination charges upon the following conditions: (i) Customer has taken all actions necessary to obtain adequate appropriations or funding; (ii) despite Customer's best efforts funds have not been appropriated and are otherwise unavailable to pay for the Services; and (iii) Customer has negotiated in good faith with AT&T to develop revised terms, an alternative payment schedule or a new agreement to accommodate Customer's budget. Customer must provide AT&T thirty (30) days' written notice of its intent to terminate the Services. Termination of the Services for failure to obtain necessary appropriations or funding shall be effective as of the last day for which funds were appropriated or otherwise made available. If Customer terminates the Services under this Attachment, Customer agrees as follows: (i) it will pay all amounts due for Services incurred through date of termination, and reimburse all unrecovered non-recurring charges; and (ii) it will not contract with any other provider for the same or substantially similar services or equipment for a period equal to the original Agreement Term.

#### 7. Customer Must Choose A or B

A.) ☒ [OPTION "A" IS AVAILABLE FOR NEW OR EXISTING SERVICES]

**CUSTOMER DIRECTS AT&T TO COMMENCE OR CONTINUE SERVICES EVEN IF FUNDING COMMITMENT DECISION LETTER ("FCDL") HAS NOT BEEN RECEIVED FROM USAC/SLD. CUSTOMER ACKNOWLEDGES ITS OBLIGATION TO PAY FOR THE SERVICE IF FUNDING IS DENIED OR USAC/SLD COMMITMENT IS NOT RECEIVED.**

(i). Scope: *Customer desires that Services commence on or about July 1 unless a different date is inserted here*. Customer intends to seek funding from the USAC/SLD, but acknowledges that it may not receive an FCDL prior to this date and that it is possible that USAC/SLD may delay, or not approve funding.

(ii). Funding Denial Agreement Termination: CUSTOMER ACKNOWLEDGES THAT THERE IS NO RIGHT TO TERMINATE THE SERVICES OR SERVICE COMPONENTS MADE THE BASIS OF THIS ATTACHMENT IF E-RATE FUNDING IS DELAYED OR DENIED.

Customer should refer to the E-Rate Rules and Regulations regarding USAC/SLD payments for eligible services delivered after the beginning of the E-Rate year (July 1st) but before receipt of an FCDL.

B.) ☐ [OPTION "B" IS APPROPRIATE FOR NEW SERVICES]

**SERVICES WILL NOT COMMENCE AND/OR EQUIPMENT WILL NOT SHIP UNTIL AT&T RECEIVES NOTIFICATION THAT E-RATE FUNDS HAVE BEEN COMMITTED; IF E-RATE FUNDING FOR SERVICES AND/OR EQUIPMENT IS DENIED, AGREEMENT WILL TERMINATE AS TO THOSE SERVICES AND/OR EQUIPMENT UNLESS AND UNTIL A NEW ATTACHMENT (REPLACING THIS ATTACHMENT) IS EXECUTED.**

(i). Scope: Customer agrees to use best efforts to obtain funding from the USAC/SLD. AT&T will not begin work related to the Services and/or equipment (including, without limitation, construction, installation or activation activities) until after AT&T receives Customer notification to proceed with the order, and verification of funding approval, and, for Internal Connections (IC), a verification of Form 486 approval by the USAC/SLD. AT&T will commence Service(s) as soon as is practical following the receipt of the appropriate documentation.

#### **CONFIDENTIAL INFORMATION**

*This agreement is for use by the authorized employees of the parties hereto only  
and is not for general distribution within or outside the companies.*

## **E-rate Rider**

### **Category 1 Services, Facilities and/or Equipment**

(ii). Funding Denial Agreement Termination: if a funding request is denied by the USAC/SLD, the Agreement, with respect to such Service(s) and/or equipment, shall terminate sixty (60) days from the date of the FCDL in which E-Rate funding is denied or on the 30<sup>th</sup> day following the final appeal of such denial, and Customer will not incur termination liability. In the event Services and/or equipment are to be provided pursuant to a multi-year arrangement (whether by contract or tariff), this termination right applies only to the first year of the multi-year agreement.

(iii). IF CUSTOMER WISHES TO CHANGE ITS SELECTION AND WISHES AT&T TO COMMENCE SERVICES REGARDLESS OF FUNDING COMMITMENT FROM THE USAC/SLD, CUSTOMER WILL EXECUTE A NEW (REPLACEMENT) ATTACHMENT, AND AGREE TO THE TERMS SET FORTH IN "A" ABOVE. Upon execution of the Replacement Attachment, the Parties will mutually agree upon a Service Commencement Date.

This provision does not apply to Services that were initially approved for funding and subsequently deemed ineligible by USAC/SLD after commencement of Service

#### **8. AT&T Owned Equipment - General Terms and Conditions**

To the extent provided in the applicable Statement of Work, Customer desires Services to be rendered to its location(s) by placing Equipment (e.g. routers, switches) on the Customer's premises (the "Premises"). Customer does not wish to provide this Equipment itself, but instead requests the placement of the Equipment as part of the construction associated with the delivery of the underlying Service.

A. Accordingly, Customer hereby:

- Grants AT&T a license to install, operate, and maintain such Equipment and such additional, supplemental or replacement equipment as AT&T may from time to time deem necessary or desirable for the provision of services contemplated by the Service Agreement) within the Premises at such locations as mutually agreed by the parties at the time of installation, for so long as AT&T is providing the Services.
- Confirms such license shall include a right of access to, from and within the Premises for purposes of installing, operating, maintaining, repairing and replacing such Equipment. All Equipment brought onto the Premises by AT&T will be deemed the personal property of AT&T (regardless of whether such Equipment is attached or affixed to the Premises) and Customer shall have no right to or interest in such Equipment.
- Agrees to provide adequate space and electric power for the Equipment and keep the Equipment physically secure and free from liens and encumbrances. Customer will bear the risk of loss or damage to the Equipment (other than ordinary wear and tear), except to the extent caused by AT&T or its agents. The Equipment will be provided at the prices set forth in the attached Statement of Work.
- Agrees to notify AT&T of any and all issues arising out of or related to such Equipment, including the need for maintenance or repair, and assumes responsibility for notifying any other contractors or persons with a need to know, of the presence of the equipment and their location.
- Agrees to indemnify and hold AT&T harmless from any and all liability that may arise out of the presence and placement of such equipment, except for AT&T's gross negligence.
- Grants AT&T the right, but not the obligation, to remove all or any part of such equipment from the Premises at any time after the termination of the Service.

#### **B. Terms of Equipment Usage – E-Rate Category 1 Funding**

Pursuant to the Tennessee Decision referenced above, the Parties agree:

- The same service provider will supply the Equipment and associated eligible Category 1 telecommunications services or Internet access services.
- The Equipment is owned by AT&T. Ownership of the Equipment will not transfer to the Customer in the future, and neither the Master Agreement nor this Attachment includes an option to purchase the Equipment.
- AT&T will provide and maintain the Equipment on the Premise as part of these services.
- The Equipment is capable of servicing other customers of the service provider. Customer has no right to exclusive use of

the Equipment, and AT&T may use the Equipment to provide service to another customer.

- The Equipment shall not be used by Customer for any purpose other than receipt of the eligible telecommunications or Internet access service of which it is a part.
- The Local Area Network for data communications of the school or library is functional without dependence on the Category1 Equipment. Customer will provide equipment within their LAN to connect to the Category 1 Equipment.

Additionally, overall SLD program rules and eligibility requirements apply, and these requirements may change from time to time.

### **C. Customer Site Obligations**

Please note that there are some important Customer obligation areas to facilitate timely Equipment installation and service delivery. Accordingly, Customer agrees to provide the following:

**D. PATH** - The Customer is responsible for providing or causing the property owner to provide a path from the property line into the building. A clear underground or aerial path is required from the property line where AT&T ILEC facilities exist, to the equipment room designated to support the entrance fiber.

**E. SPACE** - Customer is responsible for providing appropriate floor space and a properly installed equipment rack of suitable strength and quality to properly support the intended Equipment and the location of the Demarcation Point in compliance with FCC and AT&T service requirements.

The appropriate space and location will be mutually agreed following an AT&T site visit by an authorized AT&T Engineer. Any Demarcation Point location which is further than the closest practicable point to the Minimum Point of Entry (MPOE) in the building will require custom work which is not eligible for E-Rate Category 1 (C1) funding, and must be paid for by the Customer.

**F. ENVIRONMENTAL** - Operating environment should be between +40° F and 100° F at 0% to 85% relative humidity (RH-Non-Condensing).

**G. POWER - GROUND** - Customer will need to provide permanent, dedicated, 3-prong grounded power for the Equipment being installed. Power requirements can consist of nominal -48VDC, +24/-24 VDC, 110V, 125V, 220V, etc. located within 3 feet of the AT&T Equipment. AT&T may require more than one power outlet for some Equipment types, and there are specific amperage requirements for different Equipment types.

Relay racks/cabinets must be properly grounded by placing an exposed #6 or larger grounding wire to the building's ground source. This ground wire will be attached to the closest ground rod (earth ground) or building bus bar available and run to the Network Terminating Equipment location in the room.

Site specific customer obligations will also be provided by AT&T personnel via e-mail upon finalization of this Attachment.

### **9. Customer Owned Facilities - General Terms and Conditions.**

To the extent provided in the applicable Statement of Work, Customer desires Services to be rendered to its location(s) by placing conduit and/or other conduit pathway support structures ("CPSS" or "Facilities") on the Customer's premises (the "Premises"). Customer does not wish to provide these Facilities itself, but instead requests the placement of the Facilities as part of the construction and installation work associated with the delivery of the underlying Service.

Accordingly, Customer hereby:

- Grants AT&T a license to install and operate -- in accordance with the designs agreed to within the Statement of Work, Scope of Work, or other documents, approved by the parties in connection with this project -- such Facilities and such additional or replacement Facilities as AT&T may from time to time deem necessary or desirable for the provision of the Services contemplated by the Service Agreement, at such locations as mutually agreed by the parties at the time of installation, for so long as AT&T is providing the Services.

## E-rate Rider

### Category 1 Services, Facilities and/or Equipment

- Confirms such license shall include a right of access to, from and within the Premises for purposes of installing, repairing and replacing such Facilities. All Facilities brought onto the Premises by AT&T will be deemed the property of Customer.
- Confirms that Customer shall be responsible for the cost of any installation, maintenance, repair or replacement of the Facilities.
- Assumes responsibility for notifying any other contractors or persons with a need to know, of the presence of the Facilities and the location of such Facilities;
- In addition to any early termination charges identified in the Agreement or Pricing Schedule, Customer is also liable for 100% of the cost of \$9200 for each site at which AT&T installs Customer Premise Support Structure facilities (CPSS). All early termination charges, plus recovery of entrance facility costs, shall not exceed the total amount Customer would have been required to pay for the Service if it had not terminated early.

#### 10. Choice of Funding Method

Customer acknowledges its obligation to designate the method by which it will receive E-Rate discounts. With respect to each discount method, Customer agrees as follows:

##### Billed Entity Application Reimbursement ("BEAR") – Form 472:

Customer agrees to submit to AT&T complete and accurate BEAR – Form 472 requests for certification at least five (5) business days prior to the FCC Invoice Deadline date for the Funding Request Number(s) ("FRN") being submitted on that Form 472. AT&T cannot ensure that the Form 472 will be reviewed prior to the deadline if not received at least five (5) business days prior. Upon receipt of USAC/SLD check in the amount of the certified Form 472, AT&T will remit payment to Customer within twenty (20) business days after receipt of payment from USAC/SLD. It is solely Customer's responsibility to ensure the accuracy of this submission and the amounts sought to be recovered through the E-Rate program.

##### Service Provider Invoice Form - ("SPI") – Form 474:

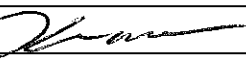

After AT&T has received notification of approved funding, an approved Form 486, and Customer has confirmed the appropriate Billed Accounts to be discounted per Funding Request Number, AT&T will then provide E-rate program discounts and will file a Form 474 SPI. Customer agrees to promptly submit any AT&T or USAC/SLD Forms needed to support requests for payment of Services rendered. In the event SLD denies payment, Customer will be responsible for repayment of all funds provided to Customer by AT&T associated with this process.

**FCC RULES REQUIRE THAT PRIOR TO SUBMISSION OF A FORM 471 APPLICATION FOR FUNDING THE PARTIES MUST HAVE ENTERED INTO A BINDING CONTRACT FOR THE SERVICES MADE THE SUBJECT OF THE APPLICATION. IT IS THE CUSTOMER'S RESPONSIBILITY TO ENSURE THAT STATE LAW REQUIREMENTS FOR A BINDING CONTRACT HAVE BEEN MET PRIOR TO THE SUBMISSION OF A FORM 471.**
